## GEORGE NELSON & ASSOCIATES DAF

Herman Miller | USA, 1956 | fiberglass, enameled metal  
32 h x 29 w x 19½ d in (81 x 74 x 50 cm)

Nelson's furniture is rarely so organically inspired as in the DAF armchair. The study of ergonomics and the desire to create chair forms that distinguish themselves from the overstuffed designs of the Victorian era culminate in the DAF armchair, resulting in seating unlike any the world had ever seen. Even in context with contemporary design at the end of the twentieth century, the DAF armchair retains a quality of the shock of the new. Paper label.
