## CHARLES AND RAY EAMES custom table

Herman Miller | USA, c. 1950 | birch, steel  
16¾ h × 46 w × 27¾ d in (43 × 117 × 70 cm)

Likely the only example of this form produced, this coffee table incorporates elements from the dowel chairs and taller tables by Eames and creates an austere effect. Eames' architectural training is clearly represented in the minimal use of material, while being elegantly proportioned. Tigrett custom ordered this table directly from Charles for use in his office. Scarcely used, it survives in superb original condition.

**Provenance:** Tigrett Enterprises, Los Angeles

**Estimate:** \$20,000–30,000

**Result:** \$24,570
