32 h × 16 w × 19 d in (81 × 41 × 48 cm)

The lot offered is a rare variation of the Standard chair with demountable parts. Because of its original low-cost context (schools, offices, etc.) few examples of this design retain their original finish. This example is in excellent original condition.

Estimate: \$5,000–7,000

Result: \$5,850
