post war molded plywood radio collection, set of six

USA, 1946 | molded plywood, bakelite, glass, plastics

This collection features seminal radio designs by Charles Eames and Alexander Girard with production examples from Motorola, Zenith, Detrola and Teletone. Included is a large radio by Motorola that was featured in the April 1946 issue of Arts & Architecture and certified as a good design by the magazine.

Estimate: \$3,000–5,000

Result: \$3,540
