WENDELL CASTLE dining table

Wendell Castle Collection | USA, 1970/2004 | enameled fiberglass, aluminum
29¼ h × 216 w × 58 d in (74 × 549 × 147 cm)

Originally conceived and produced for a Rochester, New York office in 1970, the original model was destroyed. Wendell Castle Studio has reconstructed this example using the original molds. Four individual elements can be arranged in multiple ways allowing for several uses. At its largest, the table can function as a conference table for an office environment, and at its smallest it is appropriate for a residential use. Numer one from an edition of eight. Signed and dated by the artist. Sold with signed letter of authenticity stating this as the first example of the small series.

Estimate: \$40,000–50,000
