HARRY BERTOIA
untitled (Sonambient)

USA, c. 1960 | beryllium copper, brass
9¼ h × 10 w × 6¼ d in (23 × 25 × 17 cm)

174 rods in a six by 29 configuration set at an angle on a thick coated base. The dense row of rods in this sculpture produces an extraordinary sound typical of larger sculptures. An excellent example of Bertoia's sculpture on a moderate scale.

Estimate: \$15,000–20,000
