PHILIPPE STARCK custom dining table

Thierry Duclos of Mirostyle, Paris | USA/France, 2000 | cut mirrored glass, glass over stainless steel frame
30¼ h × 120 w × 36 d in (77 × 305 × 91 cm)

This unique dining table was custom made for the Ian Schrager residence in New York. While minimalist in form, the ornately carved surface decoration and mirrored glass make this an excellent example of the Neo-Baroque style utilized by Starck for various commissions, including his work at the Hudson Hotel, New York (2000) and the Clift Hotel, San Francisco (2001). The table is internally lit and mounts to the floor.

Provenance: Ian Schrager, New York | Private collection, New York

Estimate: \$10,000–15,000

Result: \$49,200
