## California Design: The Complete Set of monographs, five

bound printed paper

The legendary series organized by Eudora Moore, the first seven exhibitions were documented with checklists or pamphlets, followed by five consecutive hardcover catalogues (interrupted in 1974 by *California Design 1910*, a softcover survey on the Golden State's arts & crafts movement). I was introduced to this series many years ago by Gerard O'Brien, and I slowly put together a hardcover set in near-mint overall condition, with several duplicates to be found in the previous lot. -JZ
