BRUCE TIPPETT

Rare prototype Renna coatrack

Gavina | USA/Italy, c. 1968 | lacquered wood

79 h × 29 dia in (201 × 74 cm)

Originally designed for Gavina, this innovative and versatile coat rack was distributed by Knoll beginning in 1968. Listed in the catalog as plastic, this rare example is executed in lacquered wood and is one of only three made with perforations.

Coatrack features pivoting arms that allow for a variety of configurations.

Estimate: \$1,000–1,500

Result: \$1,320
